Living style

Fish keeping is primarily about the well-being of the fish. By setting new standards, Aquariummove succeeds in harmoniously combining nature with technique and design. The wall-mounted aquariums, developed by the company REBIE, are protected by a European patent for both design and functionality. Marketing is done only by specialized trade.

Living style

Creativity, high claims for the design and outstanding quality, these main criteria are the grounds for the development and the making of the wall-mounted aquariums. The large choice of the exchangeable fronts adds to the particularity of this wall-mounted aquarium. Compositions made out of noble wood (polished & brushed), fronts in metal, as well as unique items, handmade, gilded with 23 carat-gold leaf make these items unbeatable and exceptional.

Living style

Wall-mounted aquariums need very little space and hang like pictures on the wall. There is always enough space for an Aquariummove. Your personal lifestyle is underlined and completed by its innovative look, combining design and functionality.

Details

High-quality materials & flexibility, these are the leitmotive we kept in mind while developing the Aquariummove, in order to provide an easy access to the technique and the accessories necessary for the fish care.

The exchangeable fronts and the simple fitting are key-factors and give you a whole range of possibilities.

It is essential for your aquarium to be safe especially in public areas, such as bars, restaurants, offices or waiting rooms. Therefore, all wall-mounted aquariums have a locking system.

The Aquariummove Black Pearl:

- is delivered with exchangeable fronts; either aluminium, steel, macassar or cocobolo
- is provided with the newest IP 67 Arcadia light unit - T8 or T5.
- the tube type T8 or T5 from JBL
- a high-performance reflector from Arcadia
- clear view screen and locking system

Important:

Included in the delivery is a little brochure that might help you choose your fish once your tank is ready for it.

In particular you will find a list of fish, plants and shrimps for freshwater.

Dimensions of the console: 110 x 70 x 30 cm.
Tank: 80 x 35 x 25 cm (brut: 70 litres)

A futuristic feast for the eyes at all times. A trump card for every room. Whether modern or classical, the style of your room will be in symbiosis with your Aquariummove. It will always set a special and stylish note.
