The Aquariummove is available in the following lengths: 80 / 90 / 100 cm

80 cm Art. NO.: 19700

90 cm Art. NO.: 19701

100 cm Art. NO.: 19702

Personal note,
modern, polyvalent and harmonizing perfectly. An accessory of particular beauty, denoting a pure and clear line in your favourite room.

The wall-mounted aquariums need very little space. They are suspended like a picture. Together the design and the aquarium create a unique composition which radiates unrivalled and fascinating perspective and refinement.

New classical and noble design and the interior decoration you have always dreamt of becomes reality. The precious decoration, made out of burl wood veneer, gives it a stylish look. Ideal for offices or any other room you want to highlight.

The wall-mounted aquariums are developed and handcrafted by the company REBIE. They are protected by a European patent for both the design and the functionality. The marketing is done only by specialized trade.

Noble down to the very detail:
The Aquariummove in a vanilla veneer.
An attractive series matching the surrounding area thanks to the simplicity and the clarity of the lines. The creation of a new look in your room.

Modern and individual design, elegance and functionality. These are the keywords that best describe these new wall-mounted aquariums. Let the aquarium fit in to your ambiance, your lifestyle and even to your mood.

The simplicity of the cold stainless steel in a retro-look. The new Aquariummove captivates with its innovative beauty. In the office, in the living room, or in the bedrooms of young people, it will be eye-catching.

Creativity, high claims for the design and outstanding quality, these main criteria are the grounds for the development and the making of the wall-mounted aquariums. The large choice of the exchangeable fronts adds to the particularity of this wall-mounted aquarium. Compositions made out of noble wood (polished & brushed), fronts in metal, imitation leather, as well as unique pieces, handmade, gilded with 23 carat-gold leaf (see picture on the first page) make these items unbeatable and exceptional.

Galerie Details

High-quality materials & flexibility, these are the leitmotive we kept in mind while developing the Aquariummove in order to provide an easy access to the technique and the accessories necessary for the fish care.

The exchangeable fronts and the simple fitting are key-factors and give you a whole range of possibilities.

It is essential for your aquarium to be safe especially in public areas, such as bars, restaurants, offices or waiting rooms. Therefore, all wall-mounted aquariums have a locking system.

All wall-mounted aquariums are provided with the newest IP 67 Arcadia light unit. The fluorescent lamp Arcadia Freshwater gives a natural light spectrum which is intensified by a high-performance reflector.

Included in the delivery is a little brochure that might help you choose your fish once your tank is ready for it. In particular you will find a list of fish, plants and shrimps.

Dimensions of the console:
83,5 x 25,5 x 70 cm / 93,5 x 25,5 x 70 cm /
103,5 x 25,5 x 70 cm.

Accessories: fronts, exchangeable fronts,
Blue Led (background lighting for the console)

A futuristic feast for the eyes at all times. A trump card for every room. Whether modern or classical, the style of your room will be in symbiosis with your Aquariummove. It will always set a special and stylish note.
